

LEGEND PRODUCTS INTERNATIONAL COLLECTOR'S CLUB

HUCKLEBERRY FINN MASK

LEGEND PRODUCTS COLLECTORS CLUB

Due to an overwhelming demand from collectors of our masks all over the world, who find our masks so interesting and lifelike, Legend products have organised a collector's club.

The club's aims are to bring together members who share a common bond, an interest in the unique products only made as far as we know by us alone.

To swap news about their collections, some unearthed in the most incredible places, some dating back to the early 1950's and find out their history, who modelled them, and when.

Club members will enjoy special privileges over other customers and be able to purchase exclusive new pieces only available to club members and also retired pieces from time to time. However, no one

will be under any obligation whatsoever to purchase any of these pieces if they do not wish to.

THE ORIGINS OF LEGEND PRODUCTS

The origins of Legend Products go back to 1947 when the founder of the company Mr Alexander Cochrane, started his manufacturing company in the cellar of his large Victorian house making Welsh souvenirs. Soon the company was booming and had to move into larger premises. The first wall masks were made during the 1950's and were huge 8 ½ " high.

Today Legend Products have a current range of over 100 masks, all entirely made and painted by hand by their talented artists, and we are always being asked for more.

A very warm welcome is assured on joining the Legend Products Collector's club. As a member you will have an opportunity to share in all the new company news, You will receive inside information on how the sculptures are made, on new models as they are planned and the background of the people who make them.

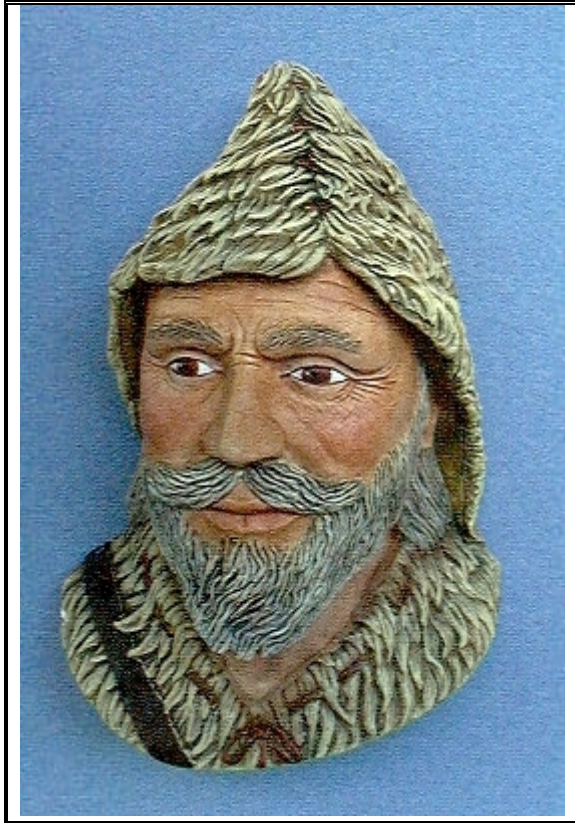

Members will be from numerous countries throughout the world, from many varied backgrounds, all sharing an interest in the range and desiring to own outstanding collectable pieces that are examples of Legend products modeller's great skills.

Many Legend Buyers already may have extensive collections and require information on when and how they were made and also by whom. The creation of these pieces has given endless enjoyment to thousands of people.

ROBINSON CRUSOE-

Pictured here is the piece specially sculpted for collector's to purchase this piece will only be available to members of the club.

"Robinson Crusoe" a wonderful and authentic representation of how Daniel Defoe described his most famous castaway. It is very easy to imagine, when looking at the mask how poor Robinson Crusoe must have struggled to stay alive in such a difficult and treacherous predicament. How he used every available means at his disposal to enable him to survive in such a harsh environment, at the mercy of nature and the elements.

A wonderful story you should read. A wonderful mask for you to enjoy.

Only available to members of the collector's club Price UK £22.50
