## **FOR SALE OR TO SWAP**

I have received a letter from Ivan Victor in Australia, after reading my article concerning the Fred Wright Fisherman figurine sitting on a wall, Ivan who lives in Australia realised that he actually has the piece concerned. He wants to sell the piece therefore anyone interested can contact him. He also has some very old Italian lady masks the markings on the back state Riproduzione Vietata and they are made in Italy. He wants to sell or swap these.

He is looking for Indian Chief our mask from the early 1950s. If anyone has this and wishes to sell it please contact Ivan.

Quite a few collectors have used our refurbishment service of old masks. We soak off the original coating using a secret recipe and then have our hand painters who are extremely skilled re paint the original colours bringing the model back to nearly its original state. Of course we cannot repair chipped items but the rejuvenation once this process is complete is just amazing.
